# Argyle Police Department

Mayor and Members of the Town Council,

The Argyle Police Department is pleased to present our annual report to the Town Council. This report is comprised of the activities of the Department for calendar year 2014. Most of the statistical analysis and documents presented are required as a part of our continued compliance with recognition standards through the Texas Police Chief's Association Recognition program, best practices and State law.

2014 was a year in which we sought to overcome staffing shortages while maintaining the quality of service that our citizens expect. Vacancies existed for most of the calendar year and as of this date one position is still in training. This left a hole in the schedule of time that was only made up through the dedication of our patrol staff. We saw numerous changes to our town --- in staff, traffic, development and an ever increasing population. We worked hand -in-hand with our surrounding agencies through interlocal agreements to keep costs to a minimum. In the end, we have produced a Uniform Crime Statistic Report that I would dare compare to any town that calls themselves the "Safest in Texas".

Our Recognized status causes us to continually evaluate and improve ourselves and grow as an agency. Our training standards and documentation process, though time consuming, are meaningful as we continue to meet the Best Practices in law enforcement. The Crime Control and Prevention District continues to fund innovative programs and technology to assist us in all aspects of our job and service to the citizen. As we look towards the future, we expect to continue to engage our community through Facebook, Twitter and other avenues to feel the pulse of this community.

The men and women of the Argyle Police Department are proud of the jobs they do, the standards they hold and the citizens of this community whom we are sworn to protect. Our actions are based upon service, justice and fundamental fairness. Responsive policing, compassion and treating all with dignity and respect are qualities all of these great officers possess. I am proud to serve alongside them. We are the guardians of democracy.

## Recap of 2014

# Argyle Police Department

The Argyle Police Department continually strives to keep our community safe and secure through collaborative problem solving and active law enforcement. The philosophy of Community Policing means that we listen to what citizens have to say, respond to complaints, and seek out long-term solutions to neighborhood problems and challenges. Our staff is well trained, well equipped and very committed to serving our community.

Whether one lives or works in Argyle, or is just passing through, the department stands ready to serve. Of course, the department cannot do it alone. It needs your help in reporting suspicious activity and crime, becoming and remaining involved in our community watch programs and sharing information with us to preserve order and safety.

Our mission statement reflects these values and is stated: “The mission of the Argyle Police Department is to work with citizens and others, who are in need of our services to preserve life, maintain human rights, protect property, and promote individual responsibility and community commitment.”

## **The following is 2014 Department Statistics and Activities:**

## Crime Control and Prevention District Projects

- National Night Out
- Red Ribbon Week Sponsor for Hilltop and Argyle Intermediate schools
- Argyle High School Project Graduation 2014 Sponsor (Direct impact to assisting in providing a drug/alcohol free graduation night through a grant to the PG parent committee.)
- Hosted Argyle Senior Citizen’s Center Monthly Luncheons.
- Drug Collection boxes as poundage. 3 cans = 175 lbs destroyed.

## Interlocal Cooperation

This agency continues to work jointly with AISD Police Department through a Memorandum of Understanding for Law Enforcement Services.

Our communications (911, radio service) are handled through Denton County with an interlocal agreement for Shared Governance Program for dispatch services.

Denton County also hosts and maintains a multi-jurisdictional records management system (RMS) for Denton County and several police and fire departments in the County. We maintain access to and have an Interlocal agreement for IT support related to this RMS.

## Training

Officers of the Argyle Police Department had the following documented training hours during Calendar Year 2014. Training highlights included the addition of an additional Field Training Officer and mandated training.

| Hours    | 2012 | 2013 | 2014 | Inc/Dec over last year |
|----------|------|------|------|------------------------|
| Combined | 559  | 249  | 362  | +45%                   |

## Patrol & Traffic Division

### Goals and Objectives

It is the objective of the Argyle Police Department’s Patrol Division to provide professional police services to the citizens, visitors and businesses of Argyle through modern and effective methods. The Patrol Division officers work closely with the citizens and businesses of Argyle and with the other law enforcement and public safety agencies in Denton County to ensure the safety and security of our community.

The Patrol Division is staffed by four police officers, and one sergeant. In addition, it should be noted that all sworn members of the department, up to and including the Chief of Police, actively engage in the patrol function on a regular basis.

The duties of the Patrol Division officers include the following: Responding to calls for service; providing for police patrol for the town 24 hours a day, seven days a week; communicating with the public on a regular basis in order to disperse and gather information and take action regarding issues relevant to the needs of the community; Conducting preliminary investigations; arresting offenders and completing related reports and monitoring vehicle traffic and the enforcement of traffic laws.

## Definitions:

**Close patrols** consist of citizen or business requests for special patrols of their property for vacations, special patrols and crime deterrence.

**Business contacts** are visits by officers to update contact information and inquire about any crime prevention tactics that may be needed or suggested.

**Arrests** are the number of arrests made for violations of penal law.

**Citations** consist of traffic stops or other enforcement action that results in a summons to court.

**Traffic stops** are initiated by officers for violations of traffic laws and suspicious circumstances.

**Accidents** report the number of accidents that resulted in an accident report completed. It does not include those accidents responded to where the driver did not want a report.

**Calls for service** includes all initiatives made as a result of officers' actions or were dispatched. It does not include traffic stops.

**Response time** measures the time dispatch was notified about an incident that requires an officer to the scene and the time the officer actually arrived. This number is approximate for 2014, across all priority calls and requests.

## Criminal Investigations

The Criminal Investigations Division, (CID) is responsible for investigating cases that are filed with the Police Department. Offenses range from homicides to criminal mischief. Other duties include interviewing suspects and victims, filing cases with the Denton County District Attorney’s Office, tracking cases filed with the Police Department, obtaining and serving warrants of arrest, etc. The primary goal of the Criminal Investigations Division is to provide a high quality of service to the citizens of the Town of Argyle through hard work and determination and bringing justice to those that are victims of these crimes. Below are CID related statistics from the past year:

| Case Crimes & Investigations | 2012 | 2013 | 2014 | Inc/Dec over last year |
|------------------------------|------|------|------|------------------------|
| Cases Investigated           | 157  | 162  | 102  | -37%                   |

## CID Planning & Goals

### *Monitoring CID results*

The 2014 performance review for the Criminal Investigations Division has been completed. It contains all of the pertinent statistics involved in CID. Tracking these stats has become much easier thanks to the implementation of the new Sungard software program. The new E-File system the District Attorney’s Office implemented allows our Investigator to file all cases through an online format which assists the Departments’ goal of going paperless.

Most of the year, the department had two patrol officer vacancies. To support the hiring process, CID performed 9 complete backgrounds of applicants. These applicants have passed our initial entry level standardized test and met the minimum requirements. Employee background Investigations are a vital area of importance within the Criminal Investigation Division to aide in hiring the best candidate possible.

# Argyle Police Department

---

The Investigator worked 220 shifts total on duty. Because of patrol officer shortages, 112 of these shifts were Patrol Shifts or 51%. 108 of these shifts were CID Shifts or 49%. This does not include regular days off, vacation days, holidays, sick days, or days in training.

## ***Expand Areas of Investigation***

In 2014, the Investigator attended several training classes. One significant class he attended was a class on Writing Search Warrants. The application of this training came quickly while investigating a crime against children offense. A Search Warrant was obtained and executed on a house in Argyle. Coordination of a multi-agency response that included the Flower Mound Police Department and Homeland Security resulted in the retrieval of evidence that was taken from the residence. The evidence was sent to Homeland Security to be analyzed. The training he received was vital in writing an accurate Search Warrant Affidavit. Other training received was Active Shooter Training, Investigating Metal Theft and the Leads Online Conference. Leads Online is a website the Investigator utilizes in searching for stolen property through pawn shops, jewelry stores, etc. He can also track stolen metals as well using this website.

## ***Continuing Education***

Training is an integral part of being an Investigator. It is an important part of any Law Enforcement Officer's career. It is always our goal to keep our investigative techniques on the leading edge. As a cross trained team member in CID and Patrol, there is a significant demand on training time available.

## Property & Evidence Performance Review

The Argyle Police Department collects and maintains items of property as Evidence, Found Property, and Safekeeping. It is the duty of the assigned Property Officer to ensure proper documentation and storage of those items for later court presentation, release, or destruction. Listed below is a summary of items of property processed in 2014. In 2013 & 2014, the P&E group made significant strides in reducing the number of adjudicated items in the property room. This results in a more efficient inventory and accountability of property.

| Stats and Facts            | 2012 | 2013 | 2014 | Inc/Dec over last year |
|----------------------------|------|------|------|------------------------|
| Items In Property          | 462  | 257  | 211  | -18%                   |
| Items Logged into Property | 188  | 229  | 188  | -18%                   |
| Items Released             | 1    | 23   | 56   | +143%                  |
| Items Disposed             | 50   | 560  | 154  | -75%                   |

## Use of Force Analysis

# Argyle Police Department

## Use of Force Analysis 2014

The Argyle Police Department reported 2 (same as last year) Use of Force incidents (out of 9,084 citizen calls/contacts) during the calendar year 2014. Use of Force by the Argyle Police Department is defined in the Argyle Police Department Manual Policy 6.1:

“It is the policy of this department that officers use only the force that is reasonably necessary to effectively bring an incident under control, while protecting the lives of the officer and others. The use of force must be objectively reasonable. The officer must only use that force which a reasonably prudent officer could use under the same or similar circumstances. The officer’s actions will be reviewed based upon the information known to the officer at the time the force was used. Information discovered after the fact will not be considered when assessing the reasonableness of the use of force. Given that no policy can predict every possible situation, it is recognized that each officer must be entrusted with well-reasoned discretion in determining the appropriate use of force in each incident.”

### I. PURPOSE

The purpose of this policy is to provide law enforcement officers of this agency with guidelines for the use of deadly and non-deadly force.

### II. DEFINITIONS

#### A. Deadly force

Deadly Force: Any use of force that creates a substantial risk of causing death or serious bodily harm.

#### B. Non-deadly force

Non-deadly Force: Any use of force other than that which is considered deadly force. This includes any physical effort used to control or restrain another, or to overcome the resistance of another.

# Argyle Police Department

---

## C. Objectively Reasonable

1. Objectively Reasonable: This term means that, in determining the necessity for force and the appropriate level of force, officers shall evaluate each situation in light of the known circumstances, including, but not limited to, the seriousness of the crime, the level of threat or resistance presented by the subject, and the danger to themselves and the community.
2. In evaluating the reasonable application of force, officers may consider their own age, size, strength, and skill level with department weapons, other training and experience, state of health including level of exhaustion, the number of officers opposing the number of suspects or other exigent circumstances.”

One of those incidents involved **only** the display of their service weapon. One incident was an agency assist where the deputies were fighting with a patient experiencing a psychotic episode. There were no incidents involving the use of a CEW or Taser. One half (1) of the incidents happened in the capacity of providing backup to surrounding agencies. This statistic is not surprising as most of the surrounding agencies also have single member patrol vehicles and similar staffing to the Argyle Police Department.

One incident occurred around 2100 hours. The other incident occurred at 0900 hours. Alcohol or drug usage by subjects appeared to be a significant factor in the use of force incidents reported. In one incident, the display of lethal/deadly force stopped the situation and nothing further was needed. In the other incident, the deputies were already “hands-on” with the subject and the Argyle officer joined the fray.

There is no pattern of use of force by any single officer of this agency.

No use of force complaints were filed with the Argyle Police Department. No injuries occurred to either suspect and one officer was injured during the hands-on scuffle.

There were no training opportunities that were learned from the review of these incidents by the supervisors during the year 2014.

No use of force incident required the Chief of Police to issue a policy statement based upon the recommendation of the Captain and the review.

## Vehicle Pursuit Analysis 2014

This report analysis was completed for the purpose of reviewing the Argyle Police Department's Vehicle Pursuits for the calendar year 2014. The data collected for this report was generated from officer's pursuit report submitted via the internal PD web interface.

Vehicle pursuits are reported by the officer who initiates the pursuit in each instance on the web interface. Vehicle pursuits that are entered into in an Agency Assist capacity are also reported via the PD web interface. It is required of each officer on duty while a pursuit is in progress to have their Mobile Video Recording System (MVRS) activated.

The pursuit reports are then reviewed by the Patrol Sergeant, CID Sergeant, Captain and Chief of Police via email or informal discussion. After the pursuit critique is completed by the supervisors the reports are filed in the Captain's office.

There were two vehicle pursuits recorded by officers during the calendar year 2014.

This analysis was completed to meet the Texas Police Chief's Association Best Practices 7.14.1 (Vehicle Pursuits).

### Analysis

The two pursuits that Argyle Police Department engaged in during the 2014 calendar year were within policy definition for pursuits as felony offenses.

Offense - confirmed stolen vehicle

Offense - confirmed stolen vehicle – possible kidnapping in progress

The pursuits were conducted by two separate Argyle Officers on separate occasions. One pursuit occurred at 0055 hours while the second occurred at 1235 hrs. One pursuit terminated when the suspects ditched the vehicle and took off into a wooded area. The subject was subsequently arrested and criminal charges were filed. One pursuit was terminated by the officer due to public safety concerns of heavy traffic. That subject was subsequently arrested by Fort Worth Police Department as the vehicle entered into their city. The reviews of these incidents by supervisors noted that the policy was effective, the training was accurate and all equipment performed properly. One officer was counseled for not having emergency equipment activated while en route to the call and for driving behavior inconsistent with the mission of the department.

## Accident and Injury Analysis 2014

This report analysis was completed for the purpose of reviewing the Argyle Police Department’s Traffic Accidents, Accidents and Injuries for the calendar year 2014. The data collected for this report was generated from officer’s pursuit reports, CR-3 and First Report of Injury forms.

Vehicle pursuits are reported by the officer who initiates the pursuit in each instance on the web interface. Vehicle pursuits that are entered into an Agency Assist capacity are also reported via the PD web interface. CR-3 forms are produced on fleet accidents that meet the TxDOT reporting requirements; they are completed by our traffic accident investigator or the Department of Public Safety. First Report of Injury forms are completed by the officer and supervisor within 24 hours of the injury.

The pursuit reports are then reviewed by the Patrol Sergeant, CID Sergeant, Captain and Chief of Police via email or informal discussion. Accident reports (even those not submitted on a CR-3) are reviewed by the Departments Accident Review Board (ARB). First report of injury forms (FRI) are submitted to the Town Secretary and kept on file.

There were no fleet accidents during the calendar year 2014. There were two minor injuries that occurred during police calls for service. The accident review board met and discussed only one of these events and only one First Report of Injury was filed.

This analysis was completed to meet the Texas Police Chief’s Association Best Practices 4.10 (Accident and Injury Prevention)

### Accident

- Traffic 0 0.0%
- Workplace 2 100.0%

Officer fell and broke arm removing a branch hanging down in a lane of traffic.

Officer scraped his left forearm during a scuffle with a patient in a psychotic episode.

# Argyle Police Department

---

## **Analysis**

One injury was preventable, but precautions were not taken due to sense of urgency of protection of the public from the overhanging branch. The second injury was not preventable due to the nature of the call.

## **Policy**

During the calendar year 2012, the Chief Tackett issued the original policies dated 17Feb12 for both accident and injury review. No updates were made for 2014.

## **Policy Violations**

|                   |   |
|-------------------|---|
| Traffic Accidents | 0 |
| Workplace Safety  | 0 |

During the review of accidents conducted in the calendar year 2014, there were no significant issues related to policy violations that arose.

## **Recommendations**

1. Training related to work place safety and scene assessment should be stressed during FTO and in-service training.

## Crash Reports

# Argyle Police Department

In 2014 we were dispatched to 115 crashes. Of these crashes, 70 required an actual care report. A crash report is completed when damage is greater than \$1,000.00 or when there is an injury.

Crashes reported increased by 10% over 2013 and actual crash reports taken increased by 8%.

November had the highest amount of reported crashes (13) with February, June and July tied at (6). Fridays led the days with (13) and you were least likely to be involved in a crash on Saturday (7).

There were no reported fatalities within the town limits during 2014.

Officers utilize this data for increased enforcement in problem areas in an attempt to reduce the amount of traffic accidents at a given location.

Certification to This Report 2.132 (Tier 1) – Partial Exemption

Article 2.132(b) CCP Law Enforcement Policy on Racial Profiling

ARGYLE POLICE DEPT. has adopted a detailed written policy on racial profiling. Our policy:

- (1) clearly defines acts constituting racial profiling;
- (2) strictly prohibits peace officers employed by the ARGYLE POLICE DEPT. from engaging in racial profiling;
- (3) implements a process by which an individual may file a complaint with the ARGYLE POLICE DEPT. if the individual believes that a peace officer employed by the ARGYLE POLICE DEPT. has engaged in racial profiling with respect to the individual;
- (4) provides public education relating to the agency's complaint process;
- (5) requires appropriate corrective action to be taken against a peace officer employed by the ARGYLE POLICE DEPT. who, after an investigation, is shown to have engaged in racial profiling in violation of the ARGYLE POLICE DEPT.'s policy adopted under this article;
- (6) require collection of information relating to motor vehicle stops in which a citation is issued and to arrests made as a result of those stops, including information relating to:
  - (A) the race or ethnicity of the individual detained;
  - (B) whether a search was conducted and, if so, whether the individual detained consented to the search; and

(C) whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual; and

(7) require the chief administrator of the agency, regardless of whether the administrator is elected, employed, or appointed, to submit an annual report of the information collected under Subdivision (6) to:

(A) the Commission on Law Enforcement; and

(B) the governing body of each county or municipality served by the agency, if the agency is an agency of a county, municipality, or other political subdivision of the state.

**I certify these policies are in effect.**

# Argyle Police Department

For the fourth year in row, total index crimes have dropped in Argyle, Texas. These statistics only track violent and property crimes in our area, but are “uniform” in the manner in which they are reported by over 18,000 agencies in the United States.

Violent crime is composed of four offenses: murder and nonnegligent manslaughter, rape, robbery, and aggravated assault. Violent crimes are defined in the UCR Program as those offenses which involve force or threat of force. For 2014 we had 5 offenses in the violent crime category (all assaults)

Property crime includes the offenses of burglary, larceny-theft, motor vehicle theft, and arson. The object of the theft-type offenses is the taking of money or property, but there is no force or threat of force against the victims. For 2014 we had 22 offenses in the property crime category.
